

“WE LOVE TO ENTERTAIN YOU!”

- MEN IN BLACK

“So eine Mega-Stimmung hatten wir noch nie, das war Gaensehaut-Feeling pur,” Trekworl Marketing Head Gerhard Raible

It's no wonder that Men in Black belong among the top acts of Germany's live entertainment scene. Named Best Stage Show in 2002 and Artist of the Year in 2004, the group continues to live up to its name. The three artists boast a broad range of talents – both vocally and musically – to keep guests on their feet. Original choreography, comedy skits and high energy characterize their dynamic stage presence.

Men in Black galvanize audiences with their unusual interpretations of classics from the likes of Blues Brothers, the Beatles, Joe Cocker, Freddie Mercury, Ray Charles, Queen, Frank Sinatra and Louis Armstrong.
